## Students with Learning Difficulties

### 1. PURPOSE

The Students with Learning Difficulties Grant is intended to assist schools to provide programs to improve the learning outcomes of students who have very poor reading skills, limited vocabulary for their age, significant difficulty in the development of verbal concepts and significant difficulty reasoning or problem solving using words.

These students with learning difficulties are not required to have a negotiated education plan (NEP).

### 2. POLICY DETAILS

This policy applies to funding provided to government schools through the Resource Entitlement Statement (RES)

The allocation formulas use a combination of factors, including measures of low socio-economic status, to distribute a proportion of total funds to all schools for students with learning difficulties who are not required to have a NEP.

#### 1996 Formula

Funding for Learning Difficulties started in 1996 with a recurrent budget of \$2.783m. The funding formula was as follows:

#### Formula Summary

x = R to 12+ enrolments excluding SWD's

y = Diff from State Average Weighted School Card Index

a = Learning Difficulty Grant Funds Budget

b = Per Capita Entitlement on Weighted School Card Index adjusted population

Therefore:

$$b = a / (0.06(\text{sum}(x_1(1+y/100), x_2(1+y/100) \dots x_{586}(1+y/100))))$$

The allocation formula is as follows:

$$0.06((x(1+y/100)).b)$$

(Note: the Weighted Index is a composite measure of Term 3 census school card enrolments, school card registrations & Aboriginality)

The weighted school card index is calculated as follows:

JSC = Mid census FTE counts of school card enrolments

JAB = Mid census FTE counts of ATSI enrolments

REG = Actual school card registrations (person counts) taken from the corporate admin system

For each of the last 3 years the following calculation is made:

$$(JSC + JAB + REG + JAB) / 2$$

The scores for the 3 years are then weighted to calculate the single composite score (note yr0 = current year):

$$((0.8*yr2)+(yr1)+(1.2*yr0))/3$$

### 2007 Change

In 2007 the disability funding was reformed, which resulted in a cap on funding for students with borderline cognitive learning disorders that were formerly included in the Mainstream A funding category. Additional funding related to the reform was allocated to schools using the existing formula. Schools received one amount based on one formula. Below is a summary of the two amounts and the formula that was used to distribute each amount.

SWLD Additional funding (Started in 2007 \$1.52m) used the Learning Difficulties formula to enable the additional funding to reach schools on time. The purpose of the Principal Association Working party was to revise the formula only for the distribution of this additional funding from 2008.

The revised formula supported by all the Principal Associations for the additional \$3.04 million in 2008 uses the historical patterns of impairment under the old communication and language category, the index of disadvantage and school card. (Using school card allows for an enrolment influence.) The formula below then gives a weighting to each of these factors. Socio economic factors are strongly represented in this formula. The working party has agreed that a review of the formula will happen in its third year.

Recommended Formula

$$(1.5 \times a) + (0.2 \times b) + (1.0 \times c)$$

Where:

- a = students verified with a primary disability of "C" by a Guidance Officer (GO) or by both Guidance Officer (GO) and Speech Pathologist (SP) (GO +GOSP)
- b = FTE equivalent of school card students in a school calculated using the weighted school card index
- c= GO+GOSP/ Enrolment FTE (Rounded) x Enrolment FTE

IoED	Enrolment FTE	GO+GOSP	No of Schools	GO+GOSP/ FTE (Rounded)
1	6,286	532	48	8%
2	22,869	1,574	80	7%
3	16,179	914	69	6%
4	22,789	1,066	84	5%
5	31,717	1,312	120	4%
6	30,729	1,057	88	3%
7	35,277	701	98	2%

E.g.: For schools with an IOD = 1, 532 students were GO + GOSP students, and the number of FTE students in Index 1 is 6286, therefore 532/6286 = 8% of Index 1 are GO +GOSP students. Thus Index 1 schools are each assigned a value of 8% of their FTE for their IoED measure in the model.

## 2016 Change

The Students with Learning Difficulties Grant was increased by \$4 million in 2016 (indexed by the change in the teacher standard salary rate) to assist schools in implementing programs that provide additional assistance to improve the learning outcomes of students in mainstream classes

### 3. ROLES AND RESPONSIBILITIES

Party / Parties	Roles and Responsibilities
Executive Director Early Years and Child Development	Policy Owner
Director Disability Policy and Programs	Monitoring, evaluating and reviewing policy outcomes  Calculates the allocation and advises the Funding Directorate
Director Funding	Advises Special Education of the annual budget.  Uploads into RAM and allocates through to sites through RES

### 4. MONITORING, EVALUATION AND REVIEW

Annual monitoring of budget is conducted by Director Disability Policy and Programs. Program is currently under review for 2019.

### 5. ASSOCIATED DOCUMENTS

Resource Entitlement Statement Notes

### 6. DATA REQUIRED

Data required is:

- Available budget (Manager School and Preschool Funding )
- Allocation formula information (Senior Research and Data Analyst, Special Education), namely students verified with a primary disability of "C" by a Guidance Officer (GO) or by both Guidance Officer (GO) and Speech Pathologist (SP) (GO +GOSP)

### 7. TIMELINES

The process for allocation begins in December and ends in January of the following year.

The funding for Students with Learning Difficulties is allocated in the January RES.
